

Brief Profile

We are pleased to introduce ourselves as an MSME manufacturer of Electrical Switches and allied accessories. We are constantly striving for innovation, thoughtfully designing electrical accessories keeping the consumer at the center of our thought flow. Our organization is registered with Ministry of Corporate Affairs as a Limited Liability Partnership (LLP) named and addressed as Hirvijay Industries LLP having its registered office in Vasai, Maharashtra. The firm has three partners having a combined experience of over 50 years in the electrical industry within all facets of the trade.

Philosophy

Our corporate philosophy is “Belief, Creativity, and Persistence.” These are simple words, but they are not easily put into practice. These important words represent unchanging principles to which we will always be dedicated. The underlying sole mission at Hirvijay Industries LLP is to not only to meet the needs of customers but also to provide customers with new value that exceeds their expectations.

Mission

To create and promote electrical switches with sophistication, durability and quality par excellence.

Vision

Our vision is to be the leader of the Indian switch industry and build on relations with all of our stakeholders by engaging in ethical business practices.

Partners

- 1) **Mr Rajendra Jain** - Mr. Rajendra Jain has over 28 years of experience in the Electrical Goods industry. Mr. Jain is a science graduate and his core responsibilities at the company include product development, designing, manufacturing, purchasing, and financing. Over the years of experience, Mr. Jain has devised the ability to evaluate the market scenario as well as to project the future preferences of the ever-changing consumer. He has been at the forefront and responsible for the overall growth of the company through better systems, processes and product delivery mechanisms. An able business leader and motivator, he is the guiding force for the highly motivated team at Hirvijay Industries LLP.

- 2) **Mr. Vijay Vyas** – Mr. Vijay Vyas has over 20 years of experience in the Electrical Goods Industry. Mr. Vyas is well versed with the acumen of Sales, Marketing, Promotions, and Product development. Throughout his career, Mr. Vyas has been associated with some of the biggest names in the Electrical Industry. At Hirvijay Industries LLP, he is entrusted with the aforesaid responsibilities of Sales, Marketing, Promotions and Product development along with customer feedback, product revisions, quality

control, and various liaison activities. Mr. Vyas is known for his fair business practices and responsible corporate governance.

- 3) Mr Hritik Jain** – Mr. Hritik Jain is a law graduate and qualified company secretary by education. He brings a perfect mix of Corporate Experience backed by Statutory and Legal Education. Before joining the organization he worked within the corporate law teams of various top-tier law firms and gained substantial experience in the field of business and corporate laws. Mr. Jain looks after the company's compliance, accounting policies and oversees the entire gamut of HR initiatives and activities within the firm such as recruitment, compensation and benefits and training and development. He is also responsible for developing and implementing the organization's brand building initiatives and managing the performance of Creative, PR, Media, Research and Promotional agencies.

History

The company was established in February 2017. However, since our commitment was to provide the very best to the consumer, we did extensive testing; intensive research and technical examinations to arrive at a systematic process of production, thereby the sales started taking place only in late 2017. With the quality of the product, sales have been picking steadily over the last few months. The gamut of the reach in the domestic market is evident wherein the company is supplying to prestigious customers across more than a dozen states geographically. In fact, the company having received various expressions of interests from the overseas parties recently obtained IEC (Importer Exporters Code) from the Government for perusing Exports to the neighbouring countries.

Manufacturing Facilities

As a manufacturing-oriented organization that works on the principle of 'Make in India', we do not focus on productivity alone. We work towards creating harmony between manufacturing output and efficiencies that deliver social, economic and environmental sustainability.

We have adopted best in class technology and efficiency to ensure that we produce our goods efficiently with emphasis on conservation of energy and water in a sustainable manner. We pursue methodology of Total Quality Management to improve product quality and recycle and reuse our waste materials.

Each unit works towards energy and process efficiency along with being socially responsible towards the resources of the country.

Certifications

Quality is the key part of our philosophy as enumerated above. Our internal check and balances derived after careful observations over the production, packaging and allied processes have validated that. However, we do believe and understand that external certifications and checks are important not only as they are

prescribed by law but also to evaluate and gain a perspective on the process. Therefore, we have obtained the following certifications:-

SR No	Name Of Certification	Certifying Authority	Description
1	MSME	Udyog Aadhar (GOI)	Registered manufacturer under the MSME scheme of the central government
2	ISI 3854	BIS (Bureau Of Indian Standards)	ISI Certificate for switch manufacturing for CML 780024611 under the prescribed norms of Indian Standards.
3	ISI 1293	BIS (Bureau Of Indian Standards)	ISI Certificate for plugs and socket manufacturing for CML 780024914 under the prescribed norms of Indian Standards.
4	ROHS (Restriction of Hazardous Substance)	Prescribed by European Union (EU).	ROHS Certification for switches, sockets, plugs, modular plates, regulators and surface boxes.
5	CE Mark	Prescribed by European Economic Area (EEA)	CE Certification for switches, sockets, plugs, modular plates, regulators and surface boxes.
6	ISO 9001:2005	Issued by Transpacific Certifications Limited	ISO 9001:2005 quality management system certification to the Firm for manufacturing for electrical goods such as switches, sockets, plugs, modular plates, regulators and surface boxes.

Further, All our products are tested for Safety, Dimensional accuracy, Power saving capacity, Fluctuation taking capacity, Durability, Construction & Convenience.
